

Spanish learning with 3/4 and 5/6 children at Stathern Primary School

October 2019

On Tuesday before half term and this week, Señora Christopher, an MfL teacher from Scholars Academy Trust, came to teach our classes Spanish.

¿Cómo estás?

We thought about how learning Spanish will help us when we are on holiday to impress our parents, and perhaps in our future careers. We thought that sports coaches find it useful to know different languages, when you work in shops and travelling abroad for our jobs as many countries speak Spanish such as Columbia, Venezuela, as well as Spain.

Buenos días

We learnt to say 'My name is.....' in Spanish.

We practised talking to our partners. Señora Christopher taught us how to pronounce some of the letters that are different to English.

¡Hola!

We were taught about the 'upside down question mark' that is at the beginning of a sentence in Spanish when it is a question.

estoy triste

estoy feliz

We learnt how to say different words to describe how we are feeling.

In Year 3/4 we enjoyed playing 'Bob!'

We look forward to our next lessons!
